RE: Dorcus vs. Goeller  
No. 25,171 Equity

Dear Mr. Keller:

*By Equity Dept*  
I received all of the attached papers from you in a letter post-marked December 22, 1978 along with a form indicating that a signature and notary seal were missing from the documents. I am fully aware that the signature and seal were absent because I am unable at this time to contact my clients to have them properly execute the pleadings. I have communicated this problem to Mr. Elliot, counsel for the Plaintiffs, and hope to rectify the omission as soon as possible.

I would appreciate your accepting the Answers to Interrogatories and to the Show Cause Order for filing in their present condition. Thank you very much for your cooperation.

Very truly yours,

  
Charles O. Fisher, Jr.
